**RE: Notice of Monetary Penalty Regarding the Updating of Provider Directories**

Dear Rick:

Aetna Better Health (ABH) has failed to ensure accurate data is on file for all contracted providers. The 2019 Quarter 3 audit conducted by IPRO revealed a compliance score of 40.3%. Survey results are attached. Amendment 17 to the contract between ABH and LDH provides:

7.19.1. The MCO shall maintain accurate provider directory data. LDH shall conduct periodic audits to verify the accuracy of the MCO's provider directory data. The MCO shall maintain an accuracy rate of at least 75%. The MCO will not be penalized if it can demonstrate a minimum of 50% accuracy in conjunction with a two percentage point improvement from the prior audit period.

The accuracy of information in ABH's provider directory is paramount because it allows enrollees and potential enrollees to know whether a provider contracts with the MCO, how to contact providers, and to determine whether a MCO's provider network is adequate to meet their healthcare needs. Inaccurate provider data in directories can create a barrier to care and calls into question whether ABH is meeting requirements for network adequacy.

This violation warrants the assessment of monetary penalties in accordance with the following provision from the Table of Monetary Penalties in Section 20.3.3.:

<b>Provider Directory</b>	<p>Fifty thousand dollars (\$50,000.00) per audit conducted by LDH wherein the MCO is found to have not maintained an accuracy rate of at least 75% per audit period and does not demonstrate a minimum accuracy rate of 50% in conjunction with a two percentage point increase from the prior audit period.</p> <p>One thousand dollars (\$1,000) per calendar day for failure to correct inaccurate provider directory data within 14 days of notification by LDH.</p>
---------------------------	---

Accordingly, \$50,000 will be retained from the next monthly per member per month (PMPM) payment made to ABH.

In addition, ABH shall correct all inaccurate data in the provider directory by January 30, 2020. All corrected data must be evidenced by a “screenshot” of the entry to be considered corrected. If ABH disputes that the data is inaccurate for any of its providers, ABH must provide a written attestation from each affected provider stating that the information contained in the provider directory is accurate.

Documentation of data corrections and any questions may be sent to Whitney Martinez ([whitney.martinez@la.gov](mailto:whitney.martinez@la.gov)).

Please contact me if you have any questions.

Sincerely,

Stacy Guidry  
Section Chief  
Medicaid Program Operations and Compliance
